FULL-STACK SOFTWARE DEVELOPER

KENNETH OLIVAS BALDIZÓN

EXPERIENCE

Jobix / Full-stack Developer

Nov 2019 - May 2020 / Nicaragua

Designing and implementing the user interface of the ERP using Svelte, as well as developing the back-end of the application using Flask. responsible for integrating various components of the ERP system such as databases, APIs, and other third-party services.

Los Farallones Hotel / TI Operation (intern)

Jul 2021 - Dic 2021 / Nicaragua

TI Operation in a 4-star hotel is responsible for maintaining and monitoring the entire IT infrastructure of the hotel, ensuring that systems and applications are functioning properly, and that users have secure and efficient access to network resources.

MeltStudio / Full-stack Developer

May 2022 - Mar -2023 / Remote

As a Full-stack developer with expertise in technologies such as Next.js, React Native, Firebase, Django, Express, and TypeScript, I have a proven track record of developing high-quality web and mobile applications. With my skills, I ensure that the user interface is modern and responsive, the backend is seamlessly integrated with Firebase, and TypeScript is utilized to enhance the quality and security of the code. My experience in crafting APIs, integrating Firebase, and using TypeScript makes me a valuable addition to any project. I am committed to delivering innovative solutions that meet the needs of both clients and end-users.
